Abstract

Chapter 1 Introduction	1
1. Motivation	1
2. Literature Review	4
2.1 Exchange rate level and FDI	4
2.2 Exchange rate uncertainty and FDI	6
2.3 Exchange rate movements, AD filings, AD-jumping FDI, and AD policy	7
3. Objectives	9
3.1 A real options model of FDI under exchange rate uncertainty	10
3.2 The impact of exchange rate movements on outward FDI: evidence from Taiwanese firms' investment into China	11
3.3 The impact of exchange rate movements on dumping, AD-jumping FDI and welfare effect of AD policy	11
4. Organization	12
Appendix 1-1. Review of previous empirical studies	14
Chapter 2 A real options model of FDI under exchange rate uncertainty	23
1. Introduction	23
2. The model	25
3. The effects of exchange rate uncertainty on export-substituting FDI	28
4. The effects of exchange rate uncertainty on market-seeking FDI	35
5. The effects of exchange rate uncertainty on reverse-importing FDI	38

6. The effects of other determinants of FDI	40
7. Conclusion	43
Appendix 2-1. The derivation of Equations (2-7) and (2-11)	45
Appendix 2-2. The derivation of $\phi < 0$ and $\psi < 0$	48
Appendix 2-3. Proofs of Lemmas	50
Chapter 3 The impact of exchange rate movements on Taiwan's Outward FDI into China: Market-seeking versus Reverse-importing	52
1. Introduction	52
2. Expected signs of determinants of FDI	53
3. Empirical model	55
4. The data and empirical results	57
5. Conclusion	64
Appendix 3-1. Data description	66
Chapter 4 The impact of exchange rate movements on Taiwan's Outward FDI into China: Market-seeking versus Export-substituting	68
1. Introduction	68
2. Empirical methodology	68
3. Empirical model	72
4. The data and empirical results	75
5. Conclusion	84
Appendix 4-1. Cox model	86
Appendix 4-2. Data description	92
Chapter 5 Exchange Rate Movements, Dumping, and Antidumping-jumping FDI	94
1. Introduction	94

2. The model	96
3. The impact of exchange rate movements on dumping	99
3.1 Optimum timing of exit	99
3.2 Comparative statics	100
3.3 Numerical simulation	107
4. The impact of exchange rate movements on AD-jumping FDI	109
4.1 The optimum pricing	110
4.2 The optimum timing of jumping FDI	111
4.3 AD policy and AD-jumping FDI	113
5. Welfare effect of an AD policy	118
5.1 Absence of AD-jumping FDI	120
5.2 Presence of AD-jumping FDI	122
6. Conclusion	125
Appendix 5-1. Proofs of Lemmas	127
Chapter 6 Conclusion	129
1. Summary	129
2. Limitations and possible extensions	132
References	134

List of Figures

1-1. The level of real effective exchange rate and FDI: selected countries	2
3-1. Percentages of outward FDI cases in China for some selected industries ...	58
4-1. Entry years of sample firms	77
5-1a. Exchange rate volatility and the probability of dumping: $a_d=1$; $F=0.5$	108
5-1b. Exchange rate volatility and the probability of dumping: $a_d=1.4$; $F=0.75$	108
5-2a. Exchange rate trend and the probability of dumping: $a_d=1$; $F=0.5$	109
5-2b. Exchange rate trend and the probability of dumping: $a_d=1.5$; $F=0.9$	109

List of Tables

1A-1. Review of previous empirical Study: FDI and exchange rate movements	14
1A-2. Review of previous empirical studies: exchange rate, pass-through, and antidumping filings	19
1A-3. Review of previous empirical studies: AD duties and AD-jumping FDI .	21
2-1. Expected signs of the determinants of FDI	44
3-1. Expected signs of the determinants of FDI	53
3-2. Taiwan's outward FDI cases in China: 1991-2002	58
3-3. Summary statistics	60
3-4. Tobit estimation of the determinants of FDI	62
4-1. Definition of the explanatory variables and their expected signs	71
4-2. Distribution of sample firms by industry	78
4-3. Summary statistics	79
4-4. The estimation of the determinants of the timing of FDI	81
4-5. The effect of covariate changes on hazard ratio: Tsay (2002)	83
4-6. The effect of covariate changes on hazard ratio: GARCH (1,1)	84
4A-1. Variable definition	86
